

Parkland Pillar Birch

Mature Height: 30' x 90'
Spring - Summer Color: Dark Green Leaves
Fall Color: Yes, turns Golden-Yellow
Great for Privacy, windbreak has white Bark.

Autumn Brilliance Service Berry

Mature Height 15' to 20'

The Autumn Brilliance Serviceberry is a beautiful clump form tree with white flowers in the spring, red, edible fruit in June, and a bright red fall color.

The smooth gray branches add winter interest along with strong structure that resists ice breakage.

Big Tooth Aspen

Mature Height 60' to 80'

The Big tooth Aspen is a medium to large-sized, fast-growing broadleaved hardwood. It prefers sandy and loamy soil conditions and tolerates dry conditions.

Catkins emerge in early spring before the leaves.
Great habitat for a wide variety of wildlife.

Coral burst Flowering Crabapple

Mature Height 10' to 15'

A small, uniform grower with a compact, rounded crown.
Ruby-red buds open into semi-double, pink blossoms and are followed by
reddish-orange fruit

New Harmony American Elm

Mature Height 70'

A highly dutch elm disease resistant American Elm.

Dark green leaves that turn yellow in the fall.

This upright, vase shaped tree exhibits the old American Elm form with its wide arching branches.

Sparling Sprite Flowering Crabapple

Mature Height 10' to 12'

Pink buds opening to white flowers smother the dense, rounded head of this top-grafted, compact dwarf.

Summer foliage is especially clean and bright green.

An abundant fruit crops persists well into winter, slowly turning from golden yellow to orange.

Autumn Blaze Maple

Mature Height 50' to 60'

An improved hybrid with brilliant, long lasting, orange-red fall color, an upright, uniform branching habit and a rapid growth rate.

Thrives in warm climates extending well into the deep south and west; will tolerate wet soils with good drainage.

An excellent lawn, park or street tree.

Armstrong Gold Maple

Mature Height 30' to 40'

This is an upright growing form of Red Maple exhibiting wonderful red fall color. It enjoys being in or near turf areas as it thrives in moist soil. Great for smaller yards and tighter spaces.

Northern Red Oak

Mature Height 50' to 75'

Large, fast grower (for oaks). Broad-headed tree.

Leaves are very large.

Color turns from rich dull green to dark red in fall, turning brown before dropping.

Tolerant of air pollution.

Prefers acidic soils.

Dwarf Korean Lilac

Mature Height 5' to 6'

An excellent globe form for accent or interest in the landscape.

Tight clusters of small, lavender pink flowers show in late spring against a mass of dark green leaves. Will grow 5 to 6 feet above the graft union.
